

NEW!

Digger's **Flower and Garden Mulch**

Pansies mulched with Flower and Garden Mulch are fuller and larger with more blooms!

Mulch with Benefits!

- Nitrogen stabilized, does not compete with plants for nitrogen!
- Designed to till in as a soil amendment at the end of the season!
- Keeps beds amended and mulched with one product!
- Excellent weed suppression!
- Beautiful Dark Color!

Pansies mulched with regular mulch are competing for nitrogen resulting in smaller plants.
